Funding is a big consideration, Jason mentioned Funding by MPs, Julie Pappas, and Jamie Parker.

Staff are split 50/50.

Need a recommendation from the school community to be the guide from the movement forward of this.

a) Important point is that the school community needs to make the recommendation. The Dept did not wish to complete another Risk assessment having done one in 2013.

No Departmental Funding.

Marni Pattison – the Funding is a big determinant of this.

Do we create a survey for the school community.

Eventually there will be a new fence due to conditions.

The fence has to be 2.1m that is the specifications.

Question (SH) asked about the change to Roll Call and how will a child away or not shown up at school be monitored by classroom teacher if email sent to office

Darren – Good time to evaluate how children in the classroom get to and from school.

Sign Pak – school signage.

Thank you Chris, Christina and Marc for helping put the presentation together.

6. President's Report

- Thank you to Bay Run members for their help

Fete – Will scale back a little with the trivia being later.

Sara Touchard has the winning Posters.

Fete Day Music Program. – Please ask Ms Mac to co-ordinate musical groups for the day.

2/3 of the K – 2 parents submitted please do not publish photos of the children. A big sign about the lack of desire to support the WestConnex.

- WestConnex Grant: \$10,000 Grant submission. Darren explained why it was not submitted.

7. Treasurer's Report

New Uniform Shop Treasurer
